# Welcome to TIPS

## Tryst with time .....a Glorious journey of a Decade and efficaciously going on.....

Tripura Institute of Paramedical Sciences , TIPS was established in the year 2009 and is one of most sought-a-er Paramedical & Nursing College in Agartala. TIPS is a Joint Venture institute with H & FW Dept. Govt. of Tripura and is affiliated to Tripura Central University. We are recognized and certified by International Accreditation Organization, (IAO) and our Paramedical courses are approved by technical governing bodies like ISRT, AERB, IAP. Our Nursing courses are approved by Approved By Indian Nursing Council, New Delhi and Tripura State Nursing Council.

The institute has an optimum state of art facilities and it boasts about its architectural accomplishment and grandeur and not the least the masonry craftsmanship. TIPS has contemporary smart classrooms, modern laboratories, seminar halls, an up-to-date Library with volumes of recommended and reference books along with e-journals and a well-equipped computer centre. TIPS provides 24 x 7 high-speed Wi-Fi facilities which is an integral part of elearning for our aspiring e-generation . The institute provides ample opportunities for the holistic development of the students in the form of Co-Curricular and Extracurricular activities.

TIPS also offers a large cafeteria and well-maintained hostels for both boys and girls for a convenient and a safe stay. TIPS has an academic alliance with various hospitals and research organisations to provide with today's industry perspective to the students. The campus is a home to 1700+ students and 200+ experienced staff which includes Qualified Faculty members and Technical support staff involved in effective Teaching and Learning Process (TLP). Team TIPS assures institutional commitments to the quality of teaching and learning process through holistic education. A fully established mentoring and professional counselling system, aid in fostering the academic development and welfare of each and every student all the time. More than a decade our Institute has been successful in escalating performance oriented professionals who will excel in their respective fields with excellence and shape the destiny of our healthcare industry.

We believe that “an ounce of experience is worth a ton of theory”. At TIPS we constantly strive for innovation, where excellence manifests itself in the perfect blend of imagination and process, idea and execution. Our expertise is deep and we are driving innovation in the field of higher education. Our courses perfectly blend in with the needs of the industry and beyond.

## OUR VISION

Become a premier institution imparting quality education in the field of Healthcare and to meet the changing needs of society.

## OUR MISSION

M1 : Create environment conducive for continuous learning through quality teaching and learning processes supported by modern infrastructure.

M2 : Crafting and shaping skilled Paramedical & Nursing professionals to serve the healthcare industry.

M3 : Inculcate ethical values and environmental consciousness through holistic education programs.

## POLICY

We are committed to inculcate in students a sound philosophy based on humanistic ideals, and strive for continual improvement in the quality of educational offering, thus serving and meeting the needs of the community.

# From the Desk of SECRETARY

Dear Students,

My goal as a senior member of the management team of TIPS , is to provide easy access to higher education by training all our students at Tripura Institute of Paramedical Sciences , with best of skill sets, knowledge, and be globally competitive with winning attitude, for building a great future for our country, and the world at large. This will lead to more jobs and better jobs for all graduating students to developed living conditions and achievement of fulfilling one's own dream by shaping their own destiny.

Knowledge creation and dissemination is prime motive of our institute. We at TIPS envision to create true global citizens who are not only empowered by adequate knowledge but also carry with them, a sound value system. Having grown into a premier, highly sought a-er engineering and management institution, TIPS has created a significant niche among institutions

delivering professional education that is sound, robust and multi-faceted.

Excellence and Quality are our watchwords, reflected in our highly conducive and serene learning ambience. The TIPS teaching faculty and support staff who are the epitome of this institution, will ensure proper guidance and personal care is given to all our students to blossom into individuals, who become positive contributors to the world. We thank all the parents, students for trusting us and having full faith in the Institution. I, once again reassure all the parents that their child is in the best environment and in the best campus.

I extend a warm greetings to all the students into TIPS to come, learn, experience and Grow Ahead of Time which is our institutional motto. We are delighted to provide you with all assistance in achieving your academic goals.

**With Best Wishes,  
Pankaj Nayan Trivedi  
Secretary , TIPS**

# From the desk of Principal

**Dear Students and Parents,**

It is with great pride and heartfelt warmth that I welcome you to Tripura Institute of Paramedical Sciences (Nursing), Agartala. As the Principal of this esteemed institution, I am honored to present to you an environment where academic excellence, clinical expertise, ethical values, and innovation coverage to shape the future of healthcare professionals.

Our college stands as an established knowledge hub where career opportunities follow students. With a strong emphasis on research and innovation, we aim to empower our students to become leaders in healthcare – equipped to meet the challenges of a dynamic and demanding profession.

Our committed faculty, advanced infrastructure, and hospital affiliations create a nurturing environment where students can grow intellectually, professionally, and personally. I extend my best wishes to all aspiring nursing students and assure you that choosing TIPS (Nursing) will be a step toward a fulfilling and impactful career in healthcare. We look forward to welcoming you into our academic family and walking with you on this journey of Service, knowledge and excellence.

**With warm regards,

# A Note to Parents

TIPS is a young institution, yet one that has evolved and matured dramatically since 2009 with a dream to create a erudite world in the healthcare sector. TIPS has successfully graduated thousands of Paramedical and Nursing students till date. TIPS has also strengthened and expanded its operation and formed collaborative alliances with many Healthcare establishments for training , internship and placement . Our skilled and knowledgeable graduates have begun careers in world-class healthcare organizations, hospitals , nursing homes and clinics and they biast up our Pride factor .

Given the extent to which the TIPS has developed and matured over the past several years, one thing has remained constant is the spirit of TIPS i.e. the excitement and engagement of its students, faculty, staff, and parents in this educational experiment is truly amazing. Almost everything about TIPS is different, starting with its mission: to prepare students to become exemplary skilled Paramedical and Nursing proffesional. Combined with a highly innovative teaching learning process, wonderful facilities, outstanding team of faculty members , staff and students, an involved and supportive parent community, active alumni's all have contributed to the success of the college. As a result, TIP 's reputation has grown at an astonishing pace.

Every year prospective students and parents concerned with the question of "What's TIPS ...? and Why TIPS ....?" have grown increasingly comfortable with the decision to join TIPS. We envisioned our dreams to reality in 12 years since inception and today TIPS stands as an epitome institute in the field of Paramedical Sciences and Nursing across the nation as we feel very proud of our achievements and excellent academic records at TIPS !!

Warm Regards  
**Management , TIPS**

**Let no one ever  
come to you  
without leaving  
better and happier.**

# Student Life @ TIPS

## The path to success...

TIPS is located in a beautiful and welcoming part of the city where you can have a fulfilling and vibrant campus experience. There is an amazing range of opportunities to suit all tastes and interests and for all students to be a part of and contribute to the diverse and dynamic community where college life extends beyond the 'classroom'.

Life at TIPS doesn't stand still. With several courses running under one roof and a vibrant urban setting, it's no wonder the campus community talks about a "fear of missing out." Jump in and find out how dynamic and interconnected life at TIPS can be...

---

# The Campus Life

TIPS is a distinctive community that inspires its students to achieve their goals, both inside and outside the classroom. The campus offers a myriad of opportunities for student engagement and support. The stunning natural beauty of our campus is a compelling backdrop for your educational journey. Our unique campus and its surrounding community nurture students in their studies and personal lives. Our Institute is committed to supporting all of its students. There's a unique and unmistakable energy that characterises student life at TIPS. The campus is bursting with opportunities to get involved, meet new friends, discover your passions and make a difference. You'll also find an array of services on campus to make you feel right at home and be successful.

# Library

**Today a reader. Tomorrow a leader**

TIPS Library provides an extensive collection of information resources, services and facilities to our students and staff for their learning, research and personal development. In view of the high vision of the college, a well-equipped library with full of resources and services has been established to facilitate the quality and value-added services to its students and staff.

Library system of the college is more focused on creating and providing a comfortable and user-friendly environment that enables learning and advancement of knowledge, and also promotes discovery beyond classroom learning.

The college's state-of-the-art library boasts a collection of more than 5000+ books. The library diverse selection consists of Textbooks, Reference books, Technical journals, Project reports, Competitive exam books, e-Journals, Yearbooks, Mathematical tables, Encyclopedias and more. The campus library is fully automated for instant online access to students and staff to use all types of information for their learning, research, and personal growth.

# Laboratory

## Where Science meets Innovation

All the laboratories are well equipped as per the guidelines of Indian Nursing Council and spacious enough to accommodate our students.

**FOUNDATIONS OF NURSING LAB** : This laboratory is basically for first year students to develop skill in imparting basic nursing care to patients like meeting personal hygiene needs; elementary needs etc. and practising basic nursing procedures.

The lab has highly advanced mannequin and equipment's with special features to learn the basic nursing procedures. Special beds like fully fowler beds, Partial fowler beds, Adult beds, Paediatric bed, Air bed and Water beds. Cardio Pulmonary Resuscitation can also be learnt on specialized mannequin.

**PRE-CLINICAL LABORATORY** : The pre-clinical science laboratory is designed with the purpose of helping the students to acquire knowledge of the normal structure and functions of various human body systems and to identify any deviation from normal health in order to render effective nursing care. Preclinical Lab includes Anatomy, Physiology, Biochemistry and Microbiology Labs. The labs are well furnished so that students can acquire their knowledge through different demonstrations.

**NUTRITION LAB** : This lab is basically for first year students. It is like a mini kitchen and fully equipped with modern electronic gadgets like food processor, refrigerator and other utensils for practical demonstration of liquid, semi liquid, solid diet and develop the concept of special dietary requirements as per the disease conditions.

**COMMUNITY HEALTH NURSING LAB**: This Laboratory is utilized for Rural and Urban Health experience for Nursing Students. The Laboratory is well equipped with Performa for data

collection of individuals family & community, Performa for health assessment of infant, toddler, preschool, school going children, adult, geriatric age group & special groups like Antenatal, Intra-natal, Postnatal mother etc. family folder, referral etc. Community Health Nursing bags, health education material, charts, models, puppets are provided for training our aspiring nurses.

**ADVANCED NURSING LAB** : Advanced nursing skill lab has facilities like full body manikin, which is specifically designed for professional nursing training. These high quality manikin will provide a wide range of possible exercises including both first aid & emergency situations.

**OBG & PEDIATRIC LAB** : This lab is utilized for experience in child health care. It is well equipped with neonate and infant mannequins. Specialized infant CPR mannequins assist students to develop skill to provide care in critical area. The paediatrics nursing skill and simulation laboratory is here to make the students clinical experience educational and enlightening and to promote empowerment of student. Scenarios and stimulation experiences relate to the paediatrics lab objectives. Students will be oriented to stimulation instructions prior to running a scenario.

# Computer Lab

## The technical world of Knowledge

The state-of-the-art computer centre provides plenty opportunities to students to get an exposure of IT environment and learn to use various tools and software in their daily life and syllabi. Spacious Computer Laboratory with access to internet. Provision is made for computer education not only in 1st year but throughout the last year nursing course as an elective subject.

## Audio Visual Aid Room

Audio - Visual aids communicate the ideas regarding learning activities to the students in easy manner. AV Aids Lab is opened for the students with latest equipment of LCD Projector, Laptop, TV, OHP, DVD Player, Camera, Xerox Machine, charts, models, posters that can provide high-tech educational media to support the teaching-learning activities of the students. The audiovisual aids lab is equipped with poster and charts prepared by the students.

# Hostel Facilities

**"A Home away from Home"  
perfectly describes the hostel  
life at TIPS .**

Exclusive and separate hostels for boys & girls with all modern amenities and well ventilated, furnished and spacious, twin sharing rooms await the students seeking hostel admission TIPS. The hostels are equipped with ultra modern and hygienic kitchen, which provides nutritious & healthy food. A prefect system managed for students is in place to look into the needs of the hostel inmates. Due to increased student population, a new hostel blocks for boys and girls is being built to accommodate students. Our hostel is under the overall administration of the Wardens. They take parental care of every student to make their stay an enjoyable and comfortable one.

# Transport

## Education is a journey, not a destination

The journey to the college is most vital for every student and TIPS has an excellent bus shuttle service. It's during this time that the temperament is developed for the day's learning. However, any inconvenience in shuttling can have a negative impact. Realising this fact, TIPS offers the most comfortable and convenient transport facility for its students. The institution has a robust transport system with a fleet of buses operating from the campus. They facilitate ease of conveyance for both students and staff. The buses ply to and from the prominent parts of the city and its suburban areas.

# Cafeteria

## Food for thought

The college phase is one of the most exciting times in the student's journey. The food courts in the campus offer the perfect place to stop for beverages, snacks or a quick meal. The college offers a variety of delicacies that is safe, tasty and hygienic. The food tastes like home which is cooked to perfection and served at great courtesy. The food and refreshments are offered at affordable rates and adequate seating facilities are provided to accommodate students and staff even during peak time.

The college ensures that the food court adheres to the highest degrees of quality, hygiene and great care is taken by the kitchen staff to assure a well-balanced nutritious and tasty food is plated to fuel the students' quest towards success. With its friendly atmosphere, the food court has transformed it to one of the most popular places for the students to hang out.

# Culture

## The route of education

Our Foundation Day is the annual inter-collegiate fest. Rock Band, , Folk Dance, Light Music, and many others are few of the alluring events of this cultural extravaganza. With a mosaic of cultural & ethnic students, the Interact is always a feast for the Eyes & Ears.

The flavor of cultural activities of TIPS are introduced to our students from their time of induction into the campus. A glimpse into the cultural extravaganza at TIPS can be truly experienced on every celebrations Events like Teachers Day, Inception Day , Inter college cultural competitions provide students a gala of opportunities to showcase their talents beyond academic boundaries. TIPS has won several prestigious prizes and awards in many inter-collegiate, university cultural competitions.

We are committed to motivate students to participate in various extracurricular activities by ensuring consistent encouragement. The necessary facilities are provided and adequate funds are allotted.

## Sports

### Ready. Set. Play

TIPS is committed to holistic development of students. Sport plays an important part in the student's life at Tripura Institute of Paramedical Sciences. As a follow-up to this, equal emphasis is laid on sports and games along with academics. The college offers a wide variety of sporting and recreational activities for all its students. The institution has excellent sports facility to promote and encourage sports for its students as part of the development activity. Playground and Equipment for outdoors and indoor games facilities are available for meeting the enthusiasm of such students and faculty.

The indoor and outdoor sports complex housing all the necessary facilities caters to the needs of all the sports enthusiasts. The college has taken great care to appoint a well qualified and experienced Physical Education Instructor (PEI) with whose unstinted effort has enabled the college to win many laurels in Sports and Games competition

# College of Nursing

## Education is a journey, not a destination

TIPS - College of Nursing since its establishment, has been spearheading a revolution in professional education in India, it has been rendering exemplary services in the field of higher education in with the emphasis on job-oriented professional courses in ANM , B.Sc Nursing and now M.Sc Nursing .

Our College of Nursing offers an excellent opportunity to become a global nurse. The institute aims at turning out students to be intellectually enlightened, socially committed, emotionally balanced, spiritually inspired and morally upright nurses.

Nursing is a profession within the health care sector focused on the care of individuals, families and communities so they may attain, maintain or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training and scope of practice. Nurses practice in many specialties with differing levels of prescription authority.

Education for the practice of professional nursing demands a substantial knowledge of nursing, drawing the foundation from knowledge of the behavioral and biological sciences. The nursing component includes lectures, laboratory and clinical courses concentrated in every nursing programme. The nursing courses include coursework relevant to professional practice, delivery of nursing care, systems for care delivery and leadership skill development appropriate to current dynamic and diverse health care settings. Clinical courses, offered in both hospital settings and the community, provide students with the opportunity to apply theoretical knowledge to practice.

TIPS - College of Nursing follows the syllabus laid down by the Indian Nursing Council (INC). The Nursing curriculum allows students to take part in rural and urban health camps; educational field visits, industries etc. This nursing programme is based on education within an academic framework specifically directed to the

development of critical thinking skills, competencies and standards required for practice of professional nursing.

Nursing education programmes prepares its graduates into an admirable citizen by adhering to code of ethics and professional conduct at all times in fulfilling their duties....At the end of the programme, students are well equipped with knowledge and skills to pursue a career in Nursing.

We give personal attention to each student and emphasize on etiquettes, maintain high degree of discipline and abide the code of conduct which reflects the dignifying

# A Profession with Pride

## Prospects of being a Nurse

India has long been known as a hub for nurses and often looked upon to supply nurses to the 1st World Nations. Before you look into being a global nurse, make sure you know about the equally amazing opportunities in India. However, Nursing Graduate Nurses after their registration with State Nursing Council, have lot of job opportunities in Govt./private and corporate hospitals and even overseas, they can work as a teacher at College of Nursing.

For their vertical growth, avenues are opened for further higher education like M.Sc (N), & Ph.D. There are also various diploma or degree courses in Cardio Thoracic Nursing, Critical Care Nursing, Emergency and Disaster Nursing, Operation Room Nursing, Neuro Science Nursing, Neonatal Nursing, Psychiatric Nursing, Orthopedics & Rehabilitation Nursing, Oncology Nursing & Midwifery Nursing, The Nurse Practitioner Critical Care Programme (NPCC).

# ANTI-RAGGING POLICY

## The Hon'ble Supreme Court of India Judgement The Supreme Court of India Order May 2007 (based on Raghavan Committee Recommendations)

We have perused the Report of the Committee constituted pursuant to this Court's order to suggest remedial measures to tackle with the problem of ragging in educational institutions.

An elaborate report has been submitted by the Committee headed by Dr.R.K. Raghavan. According to the Committee, the following factors need to be focused to tackle with the problem.

1. Primary responsibility for curbing ragging rests with academic institutions themselves
2. Ragging adversely impacts the standards of higher education.
3. Incentives should be available to institutions for curbing the menace and there should be disincentives for failure to do so.
4. Enrolment in academic pursuits or a campus life should not immunize any adult citizen from penal provisions of the laws of the land.
5. Ragging needs to be perceived as failure to inculcate human values from the schooling stage.
6. Behavioural patterns among students, particularly potential 'raggers', need to be identified.
7. Measures against ragging must deter its recurrence.
8. Concerted action is required at the level of the school, higher educational institution, district administration, university, State and Central Governments to make any curb effective.

Media and the Civil Society should be involved in this exercise. The Committee has made several recommendations. For the present, we feel that the following recommendations should be implemented without any further lapse of time.

TIPS has strictly maintained a No-Tolerance attitude towards ragging and abide by the rules set by the Raghavan Commission. According to the Supreme Court of India, it is a criminal offence and in TIPS all the rules are strictly followed.

Complying with this definition of ragging, the following activities will be treated as an act of ragging:

- Abetment to ragging
- Criminal conspiracy of ragging
- Public nuisance during ragging
- Violation of decency during ragging
- Unlawful assembly while ragging
- Injury to body/Causing hurt
- Wrongful confinements
- Wrongful restraint
- Use of outsiders /Criminal force
- Assault as well as sexual offence
- Extortion
- Criminal intimidation
- Physical or psychological humiliation
- Any act that prevents or disrupts or disturbs academic activity of a student.
- All other offences following from the definition of ragging

TIPS has an anti ragging committee to restrict such unlawful acts inside campus. This committee makes sure that no incident of ragging takes place in TIPS and exemplary punishment for the wrongdoers. Students can report any kind of ragging activity, incident of harassment or bullying to the committee. TIPS assure strict and fast action against raggers.

The mobile numbers of the committee members are provided in a notice board inside campus for any assistance against any incident of ragging.

# ANM

## Auxilliary Nursing & Midwifery

**SEATS – 60**

**DURATION**

**2 years**

**ELIGIBILITY**

**10+2 in any streams**

**Tripura Domicile (Girl Only)**

ANM stands for Auxiliary Nursing & Midwifery, it is a diploma course which focus on the study of health care of various individuals. The main aim of the course is to teach students to help the whole community of people in providing healthcare. This course has its importance because of the need for people to have knowledge in the nursing profession.

## Enrollment Criteria :

The minimum age for admission shall be 17 years on or before 31st December of the year in which admission is sought and the maximum age for admission shall be 35 years.

The maximum educational requirements shall be 10+2 in any stream from any recognized board.

Student found medically fit by the medical examination committee.

Passing of CET (Common Entrance Test) conducted by Tripura Institute of Paramedical Sciences.

Student shall be admitted once in a year.

# GNM

## General Nursing & Midwifery

**SEATS - 40**

**DURATION**  
3 years

**ELIGIBILITY**  
10+2 from any stream

The General Nursing and Midwifery (GNM) course holds a pivotal role in shaping the healthcare landscape in India. With a blend of theoretical knowledge and hands-on practical training, this program serves as the cornerstone for individuals aspiring to embark on a career in nursing and midwifery.

A hallmark of the GNM course is its emphasis on clinical training, which provides students with invaluable hands-on experience in real healthcare settings. Under the guidance of seasoned nursing mentors, students participate in clinical rotations across various departments including hospitals, community health centers, maternity homes, and rural healthcare facilities. This practical exposure not only reinforces theoretical concepts but also installs essential clinical competencies and fosters critical thinking and decision-making skills.

Central to the GNM curriculum is the training in midwifery, which prepares students to provide comprehensive care to expectant mothers and newborns. From prenatal care and labor support to postnatal care and family planning services, students acquire the necessary knowledge and skills to ensure safe and supportive childbirth experiences.

**Career Opportunities:** GNM graduates are in high demand across various healthcare settings including hospitals, clinics, nursing homes, community health centers, and government agencies. They assume diverse roles as staff nurses, midwives, nursing supervisors, educators, and administrators, contributing significantly to patient care, health promotion, and disease prevention initiatives.

### Scope for Higher Education

- Post Basic Nursing
- M.Sc Nursing

# B.Sc Nursing

## Bachelor of Science in Nursing

**SEATS - 60**

**DURATION**

4 years

**ELIGIBILITY**

10+2 pass with  
45% in PCBE

The four-year course in Nursing has been designed to completely train and qualify the students to deal with various aspects with utmost professionalism and care. Here are some of the aims of B.Sc in Nursing:

- B.Sc in Nursing will train and produce nurses with the ability to critically think and be clear while also being caring, well-disciplined and assertive, responding to the dynamic needs of the industry, the healthcare delivery system as well as the society.
- The programme will train the students to take up decisions on their own in different nursing situations, all within the scope of the field. It will also train them to protect the rights of the patients and groups included.
- The programme will further train the students to take up research initiatives in Nursing as well as apply an evidence-based form of practice

# M.Sc Nursing

## Master of Science in Nursing

**SEATS - 25**

**DURATION**

**2 years**

**ELIGIBILITY**

**B.Sc. Nursing/ Post  
Basic B.Sc. Nursing  
with 55% Marks**

M.Sc Nursing is one the most sought-after nursing courses that students opt for after completing B.Sc Nursing or relevant courses. M.Sc Nursing is a two-year-long postgraduate course designed for students who plan to pursue a career as a nurse and serve mankind.

A nurse with a Postgraduate degree in nursing has chances of getting jobs in multi-specialty hospitals, private or government healthcare units, academic or research institutes, nursing homes, old-age homes, and armed forces. They have the opportunity to work as a nursing instructor, staff nurse, nurse assistant, or nursing supervisor.

With many new specialization streams coming up, there is a need for trained nurses who can specialize in these new branches and can even impart the knowledge to other students.

**M.Sc. Nursing Programs at TIPS are:**

1. Obstetrics and Gynecology Nursing
2. Child Health (Pediatric) Nursing
3. Mental Health (Psychiatry) Nursing
4. Community Health Nursing
5. Medical Surgical Nursing
  - Oncology Nursing
  - Critical Care Nursing
  - Neuroscience Nursing
  - Nephro-Urology Nursing
  - Orthopedic Nursing
  - Gastro Enterology Nursing

# Administrative Set Up & Strategies

TIPS, Nursing is affiliated to Indian Nursing Council, New Delhi and the Tripura Nursing Council which are the apex professional bodies at the central and state level respectively, who set the standards for Nursing education in India. The curriculum, examination and certificates are under the purview of Tripura University (a central university).

Our Institution is also associated with two pioneer hospitals in the state like Indira Gandhi Memorial

Hospital & Tripura Medical College & Dr.B.R.Ambedkar Teaching Hospital. Both of these Hospitals are equipped with all modern medical and surgical equipments and other advanced technologies where students can learn and practice in high-tech-high touch environment guided by experienced and well trained professionals. These hospitals are known to be the best in the state in diagnostic, curative and rehabilitative services.

# Placement & Training Services

## Placement Cell :

The Institute helps each student in exploring placement opportunities by inviting various healthcare companies for campus recruitment of students who are in the final year of the program and are likely to graduate at the end of the academic year.

The final placements, at the Institute, are a result of very systematic interaction with the healthcare leaders and continuous career counseling and grooming of the students. Right from the beginning of the program students are continuously counseled with regard to his/her career aspirations in their respective courses,

which in turn is vigorously followed up with the potential training / internship program in the final year for the partial fulfillment of their university curriculum. This not only helps the students in getting their 'dream' jobs but also assists the different healthcare providers of the country in identifying the 'right' candidate for their organization. However, the placement will be governed by institute Placement guidelines.

Our team is fully committed to attending to the individual needs of our students and ensuring they achieve desired platforms for launching their professional careers.

## Placement Demography:

Our placement cell follows a truly innovative and modern pedagogic system. This customized pedagogic approach creates performance oriented Health Care professionals who are productive from virtually day one of their employment. The academic deliverance ensures:

- Moderating the learning and knowledge acquisition processes to ensure optimum knowledge retention.
  - Mentoring students in practical skills through effective laboratory based curricula. Imperative practical classes enrich them to become sound and proficient lab technicians.
- Students develop essential work –skills and attributes essential to holistically perform in a corporate environment.
- Helping learners to enlighten their professional proficiency by conducting seamless practical exposure oriented classes in multispecialty hospitals & clinics.
  - Acquainting students with professional training or internship to integrate career related experience and gain.

# General Rules

1. Selection of candidates shall be made on the basis of Common Entrance Test (CET) to be conducted by the institute/Tripura State Government nominate candidates from Joint Entrance Examination (JEE) conducted by Tripura Board of JEE.
2. Institute's decision for the selection procedure in CET will be final, no complaint will be taken on that matter.
3. Student's enrolled are not permitted to undergo any other courses in other Universities/Institutes during the course tenure.
4. Students will have to attend theory and practical classes as well as the training programmes with diligence and sincerity and will maintain discipline whatsoever during the course.
5. Students will not be allowed to appear in the college exams and University exams unless he/she has attended 75% of the lectures, demonstrations and practical classes as per the University norms.
6. Failure to comply with the rules and regulations of the college will lead to disciplinary actions such as warning, fines and suspension or even expulsion from the college. In all disciplinary matters, the decision of the management will be final and binding.
7. The management of the college reserves the right to change/modify the prospectus, rules, guidelines, fee structures and other criteria of the college whenever necessary according to the situation and will not be answerable to anyone for such changes. Everyone connected to the college shall be bound by these rules and times. Any legal dispute, if arises shall be subjected to the jurisdiction of Tripura.
8. All students are required to carry the college identity card and should wear their uniforms within the campus during college hours. The identity card is issued by college after admission.
9. All notices issued by the authorities of the college require mandatory reading and strict obedience.
10. College fees should always be paid within the stipulated dates. However, after the due date, the fees may be paid with a late fee as detailed below :
  - a) Late fee of Rs. 50 per day will be charged if not paid within due date. Last date of submission will be seven days prior to the examination date.
  - b) Late fee for depositing hostel fees after due date is Rs. 25 per day. Last date of submission will be seven days prior to the examination date.
  - c) Late fee for depositing other fees after due date is Rs. 25 per day. Last date of submission will be seven days prior to the examination date.
11. Students have to clear all the outstanding of the academic year within the stipulated time before the University/TNC examination schedule.
12. Semester examination fees, internal supplementary examination fees etc. will occur as directed by the college authority from time to time.
13. If library card, identity card or guardian visiting card for hostel are lost then the same can be obtained from the college office by paying a fee of Rs. 50/-.
14. Any fees once deposited will not be refunded under any circumstances.
15. Students once admitted in the hostel will have to continue for one academic year.
16. Allocation of hostel facility will be completely under management discretion. Outstation students will be proffered first. Also, once allotted, every student has to abide by the rules and regulations of hostel as decided by the management.
17. Ragging or any activity of such indiscipline nature is strictly condemned by the authority. Any student found guilty in this regard would be punished accordingly by the authorities.
18. Minimum age limit for admission shall be 17 years for the fresh students.
19. Students are encouraged to be involved in different extracurricular activities like, sports, cultural and student's welfare activities.
20. Any Student who wants to discontinue course after taking admission has to deposit the entire due course fees along with other fees. Then only NOC will be issued to that particular student.
